

Online safety progress checklist

We have designed this document to help schools reflect on the effectiveness of their online safeguarding procedures and consider any additional measures they should put in place. It's intended as a starting point to help you build a picture of your school's own online safeguarding practice.

Name:

Name of school:

Allocate yourself a red, amber or green rating for each section according to your answers to the questions below.

- RED – considerably more work needed
- AMBER – some progress has been made
- GREEN – at the required level

Audit

	Yes/No	Identified actions	Who will be responsible?	RED/AMBER/GREEN
Online safety risks <ul style="list-style-type: none"> • Have we audited the risks to our students? • Do we understand all the risks that our students may experience? • Have we included our context? • Are we compliant with guidance? 				
Policies <ul style="list-style-type: none"> • Are our policies up to date? • Have we stress tested our existing policies? • Have we integrated online safety into our policies? • Have we updated them based on recent risks and the policy context? • Have we communicated our policies effectively? 				

	Yes/No	Identified actions	Who will be responsible?	RED/AMBER/ GREEN
Procedures <ul style="list-style-type: none"> Do we have up to date procedures? Have we stress-tested our existing procedures? Have we communicated our procedures? 				
Technology <ul style="list-style-type: none"> Does our technology support safeguarding? Does our technology support our students? 				
Education and training <ul style="list-style-type: none"> Have we educated our students effectively? Have we educated our staff? Have we engaged with our parents/carers effectively? 				
Reviewing and monitoring <ul style="list-style-type: none"> Do we know whether our approach is working? Are we compliant? Have we ensured we have incorporated any new requirements eg considered new and emerging risks?
