

Detailed Design Services

Supporting your team with technical expertise

Do you have an end in mind but don't know what needs to happen to achieve the end results? Sometimes the vision of how technology could support your school or trust is limited by your ability to see how to make it a reality. Our technical consultancy team can help.

Service overview

RM Consultancy services act as an extension of your team to co-create, document and work with you on executing the project.

We'll engage with you to understand the vision and work with you to build a clear plan on how to deliver that vision through technology.

If you're looking for support in building out the detail on how you achieve your aspiration for use of technology, our team can help bring that to life.

Business outcome	Benefit
Tailor made strategic plans	Get the right results for your team by building solutions based around your unique requirements.
Tap into a depth of expertise	Bolster your team with our experts to support your plans across technology, educational or cyber.
Stay in control of costs	Avoid consultancy becoming an endless expense through clearly defined services with clear deliverables.

"The way that technology is used has changed massively over the last half-century and RM has been there every step of the way, providing trusted support and guidance to schools."

Leora Cruddas, Confederation of School Trusts

Why RM?

Smart

Innovation is at the heart of our business, and we continue to explore advanced technologies, bringing to market pioneering ideas that respond to shifting educational tech needs in an unpredictable world.

Safe

The safety and safeguarding of our students is at the forefront of our minds and is the number one consideration when designing and delivering our IT services. We are setting the standard in the industry for safe use of technology in and out of the classroom.

Secure

Cyber threats are a major & growing concern for any trust or school. Our portfolio of IT security services mitigate the risk of a cyber-attack by highlighting vulnerabilities, implementing solutions & building resilience through training to improve your security posture.

Our certifications

Working with RM you can be assured that you will receive a high-quality service alongside our expertise and knowledge of supporting schools with their technology. Our school IT services are backed up by a range of educational and technology certifications and partnerships.
