

Education consultancy services

Co-creating strategic plans with you and your team

RM Consultancy services offer access to our expert teams around identifying and scoping projects to improve your use of technology in your school or trust. Tap into our expertise to help shape your next project.

Services overview

RM Consultancy services act as an extension of your team to co-create a strategic plan, document and work with you on executing on the plan.

We'll engage with you to understand the requirements and show you what's possible and build a plan. Each project will be tailored to your requirements.

If you're looking to do more with the technology you have, drive change through new technologies or want advice and guidance on how to drive your vision with technology, we will help you build towards your desired outcomes.

Business outcome	Benefit
Tailor made strategic plans	Get the right results for your team by building solutions based around your unique requirements.
Tap into a depth of expertise	Bolster your team with our experts to support your strategic plans with up to date ed-tech insight.
Speed up the process	Getting our expert insights at the early stages of planning helps reduce the time identifying and testing options, meaning you get to the desired outcome more quickly.

“ The way that technology is used has changed massively over the last half-century and RM has been there every step of the way, providing trusted support and guidance to schools. ”

Leora Cruddas
Confederation of School Trusts

Why RM?

Smart

Innovation is at the heart of our business, and we continue to explore advanced technologies, bringing to market pioneering ideas that respond to shifting educational tech needs in an unpredictable world.

Safe

The safety and safeguarding of our students is at the forefront of our minds and is the number one consideration when designing and delivering our IT services. We are setting the standard in the industry for safe use of technology in and out of the classroom.

Secure

Cyber threats are a major and growing concern for any trust or school. Our portfolio of IT security services mitigate the risk of a cyber-attack by highlighting vulnerabilities, implementing solutions and building resilience through training to improve your security posture.

Our accreditations

Working with RM you can be assured that you will receive a high-quality service alongside our expertise and knowledge of supporting schools with their technology. Our school IT services are backed up by a range of educational and technology certifications and partnerships.
