AI Workshop

Helping you get to grips with the world of AI.

The AI Workshop from RM helps demystify the world of AI and show you practical ways of implementing the technology in your trust or school. Covering the basics all the way through to how to successfully harness the power of AI tools to deliver transformative outcomes.

Data sheet

Service overview

The AI workshop will help you understand what AI is and what it can do for you, your school or your trust.

Our educational specialist will take you through the basics of AI and what it is. Help you understand how to build policies around AI or look at how it can be used inside and outside of the classroom.

We're here to help you navigate the fast-changing world of AI and start safely harnessing the power of tools that are available.

Business outcome	Benefit
Suitable for all levels	Starting from the basics we'll take all attendees from no knowledge through to having a clear understanding of the use cases for AI.
Tap into a depth of expertise	Our team of educational consultants write and deliver these workshops drawing from their industry insight working with schools across the country and their access to leaders in the AI world.
Educational focus	Get the educational slant on utilizing AI, all of our educational consultants are ex-teachers and we only serve schools. All of our workshop is based around real world school use of AI.

"The way that technology is used has changed massively over the last half-century and RM has been there every step of the way, providing trusted support and guidance to schools."

Leora Cruddas, Confederation of School Trusts
